

Standard Premium Service Agreements

We recommend scheduled maintenance on all heating and cooling equipment to ensure greater reliability, maintained energy efficiency and peace of mind knowing that your heating and cooling equipment has been properly taken care of. It is advised by equipment manufacturers that maintenance be performed prior to each heating and cooling season.

Our *Standard* Premium Service Agreement plan has been designed to meet the specific needs of your heating and cooling equipment.

A few of the benefits our *Standard* Premium Service Agreement will be:

- A basic service check of your equipment prior to either the heating or cooling season.
- 10% discount for service repairs on equipment listed on the agreement.
- Priority status, as a PSA customer you are given top priority should you ever have an equipment emergency.

Our service technicians are able to service and repair all types of heating and cooling systems including but not limited to the following:

- Natural gas and propane furnaces
- Oil furnaces
- Electric furnaces
- Heat pump and dual fuel systems
- Air conditioning systems
- Hot water heating systems with all types of boilers
- Wall heaters (excluding electric units)

Please call or email us today to find out how you can start receiving the benefits of being a Premium Service Agreement customer.
